- The Board unanimously voted to accept the recommendations of the Drug and Crime Control Sub-Committee.

**Victim Services Subcommittee Report – Mark Stuaan, Committee Chair**

- Mr. Stuaan updated the board on the status of the VOCA and STOP grant award process.
  - He announced that during the STOP and VOCA Grant Cycle the agency had to begin following the state's traditional State Contract Process. He then explained the process to the members of the Board.
    - The contract process begins at the Board Meeting when a grant is approved. The members of the ICJI Executive Staff sign the grant agreement, which is then forwarded to IDOA.
    - The Department of Administration reviews the grant agreement and the grant award packet.
    - From the Department of Administration the packet is sent to the Budget office where it is reviewed.
    - After the Budget office looks at it, the packet is sent to the Attorney General's office where it is reviewed by a member of the Attorney General's staff.

- Following the review by the Attorney General's office it is sent back to the Department of Administration for a final review.
  - The award packet is then sent back to ICJI for the final award processing.
  - The process takes approximately 2 weeks to complete.
- Mr. Stuaan announced that the subcommittee is reviewing possible ways for the grant process to be streamlined so as to reduce the delay in processing award packets.
  - Mike Cunegin announced that the agency is looking at an online submission process for the grants that would begin during 2008.
  - David Stewart, ICJI General Counsel, announced that the staff has experienced a slow down in processing because the reviewing agencies are confused when a subgrantee has a fiscal applicant. The reviewing agencies have been educated on the meaning of the term "fiscal applicant" and the agency is looking to remove the fiscal applicant from the grant agreement to reduce the confusion.
  - Mr. Stewart also announced that the members of Executive Staff have met with representatives of the reviewing agencies and they are working on ways to make the review process easier.
  - Mr. Stewart and Mr. Cunegin feel that the processing issues faced during the last grant cycle will not happen again, as the staff of ICJI have been trained and are able to notify applicants of the new process prior to the "award" step of the process.
- The next item discussed by Mr. Stuaan was the decision of the subcommittee concerning an appeal in the Victim Compensation department.
  - The appeal was brought by Michael Allen, File Number: 1183570
  - Mr. Allen was the victim of a traffic accident. In March 2005 he applied for compensation from the department, which the agency awarded.
  - The file was recently reviewed by the staff, who determined that the award should not have been approved. A hearing was held at the agency. The hearing officer chose to agree with the staff and affirmed the denial of benefits.
  - After reviewing the claim and findings of the Hearing officer the subcommittee voted to affirm the Hearing Officer's recommendations.
  - Mark Stuaan made a motion to accept the recommendation of the subcommittee to affirm the recommendations of the Hearing Officer. Tom Melville seconded the motion.
  - The Board unanimously accepted the victim services recommendation to affirm the decision of the Hearing Officer.

#### **Youth Division Subcommittee Report – Susan Carpenter, Committee Chair**

- Ms. Carpenter thanked Joshua Ross for taking over as interim Youth Director during the Grant Review process.
- She announced that the Juvenile Justice State Advisory Group met on Thursday, September 28, 2006 and that the Youth Division Sub-committee met on Wednesday, September 27, 2006 and again on the 29<sup>th</sup> at 10:00 AM.
  - She then explained the breakdown for the Title V, Title II, Safe Haven, and JABG grant award recommendations<sup>1</sup>:

- Ms. Carpenter requested that the Board approve the recommendations of the sub-committee. Mark Stuaan seconded the motion. The recommendations of the Youth Division Sub-Committee were unanimously accepted by the Board.
- Marie Young from the Youth Placement Program of Monroe County was present to make a statement to the board with regard to her Safe Haven grant application.
  - Ms. Young announced that she was unaware that a cash match was required this year. She presented a letter from the technical services department stating that a match was available.
  - The staff indicated to the board that as long as she had a match the grant was okay to award.
- Susan Carpenter amended her first motion to include an award for the Youth Placement Program of Monroe County. Jeff Bercovitz seconded the motion. The Board unanimously voted to fund Youth Placement Program of Monroe County.

#### **Introduction of New Policy – Michael Cunegin, Executive Director of ICJI**

- Mr. Cunegin provided the Board Members with a copy of the agency's organizational chart and announced that some changes had been made to it since the last Board meeting.
- There are three levels of management.
  - Executive Staff
    - Executive Director

- Chief Deputy Director
  - Chief Operations Officer
  - Chief Financial Officer
  - Management Team
    - Division Directors and Executive Staff
  - All Staff
- Copies of the Executive Staff's Bio's were provided to the Board for their review.
- Mr. Cunegin announced that he is now the representative of the Midwest Region for NCJA and BJA.
- He announced that he has challenged the staff to put out an annual report at the end of the year.

#### **Audit Subcommittee – Hon. Steve Carter, Attorney General**

- The Audit Subcommittee has chosen to wait for the State Board of Accounts report to be completed prior to starting their work.
- They have some assurance that the State Board of Accounts report will be completed soon.

#### **New Business – John von Arx, Chairman**

- Asks Mr. Secrest to continue his hard work in finding ways to better link the Governor's Commission for a Drug Free Indiana and the Meth Free Coalition to the agency.

#### **Commission Report, Sonya Cleveland, Substance Abuse Services Division Director**

- There are 13 Community Consultants, 11 full time employees and two part time employees working for the Commission.
- Indiana has a substance abuse community in every county.
- John von Arx is the chair of the commission and Mike Cunegin is a former member of the commission.
- The Commission meets every third Wednesday of the month.
- The Meth Free Indiana Coalition is now the Interagency Council on Drugs.

#### **Governor's Council on Dangerous and Impaired Driving – Dan Jeffries**

- The current fiscal year is coming to an end and two new funding streams have been identified.
- There are 103 less fatalities this year than there were last year (14% decrease). A couple of contributors to the decrease could be the increase in seatbelt use as well as the incentive grant program launched by the council last year.
- The new grant process has begun; award letters will not go out any later than October 10, 2006.
- The seatbelt incentive Program was a prong II funding approach that identified 37 counties with fatal crash issues. We offered to let them identify their worst problem areas. Ten counties applied for the program and ten grants were offered. Seven of the counties funded have lower fatality numbers this year than they did last year. Since the

beginning of the program there has been an 80% reduction in crash fatalities in Boone and Delaware Counties.

- One of the new funding streams provides \$812,000.00 to conduct programs to improve traffic records. Nils King, an employee of the Traffic Safety Division, is responsible for converting crash records reporting to an electronic format. In February 2006, when Nils started, 32% of Law Enforcement reported their records electronically. By September 2006, 70% of Law Enforcement in the state of Indiana is submitting their crash records to ICJI electronically.

#### **Research Division Update – Amanda Thornton**

- The Division has been working closely with the IUPUI Center for Urban Policy in creating Performance Measures for each of the Programs. BJS and JRSA have asked ICJI to attend their conference to talk about the performance measure program.
- The Meth Free Indiana Data Repository is moving right along. The RFP has been sent out. Seven proposals were received from a wide variety of vendors who were interested in not only building the repository form but also the Electronic Methamphetamine Retail log.
- The Data Repository is about three months ahead of schedule.

#### **Update on the Ethics Commission – Dave Stewart**

- When Mike Cunegin was chosen as Executive Director of the agency a conflict of interest arose. Mike's wife is an employee of the Fort Wayne Women's Bureau and Mike is a former Fort Wayne Police Officer. Both of those agencies apply to ICJI for funding of various programs.
- In June, Jason Barclay sent a letter to the ethics commission asking them to look into the situation and to make recommendations for any situation that might cause a conflict.
- The ethics commission has asked that the Board of Trustees review the ethics commission recommendations and then vote as to whether or not they accept those recommendations. There are five things that the ethics commission feels the agency should do with regard to Mike's relationship to the Women's Bureau and the Fort Wayne Police Department, including a full screening of Mike from anything having to do with either agency.
- They have asked the Board to appoint someone from the Board to sign off on the grants for those agencies in place of Mike.
- A copy of a draft of screening procedures that the agency will follow under the guidance of the Ethic Commission's Recommendations was provided to the Board Members for their review.
- Mr. von Arx proposed that the Board defer the issue until the next meeting so that the members of the Board would have adequate time to review the Ethics Commission's recommendations and the screening procedures that the agency has drafted.
- Mr. Secrest recommended that in the future the agency may want to draft some special conditions for those agencies reminding them that they are not to initiate any direct contact with Director Cunegin.

#### **Next Meeting Time and Date – John von Arx**

- Asks the Board to review their calendars and e-mail Mary Murdock as to their availability on the dates included on the agenda.
- He promised the members of the Board that dates for the following year would be pre-set so that Board members could get those on their calendars. He proposed that the Board consider meeting bi-monthly in 2007.

#### **Funding for the Drug and Crime Control Division – Jason Hutchens**

- He wanted to make everyone aware of the funding issues for next year. The Byrne/JAG funding is going down considerably.
- Next year we will not be able to fund as many things as we have in the past. He wanted to make the board aware of the fact that the people in charge of those programs will be making phone calls to board members and representatives.
- The agency is working on informing the public about the funding issues and emphasizing the influence that data has on the amount of funding a state receives.
- Mike stated that NCJA is working to enhance and improve the communications to all SAA's to prevent programs from double dipping.

**Meeting was adjourned.**
